

PCTEL Capabilities

- CST and IE3D E-Field Software
- Far Field and Near Field Antenna Test Ranges
- Environmental Testing Facility (Shock, Vibration, Salt, Fog, Temperature)
- Global Manufacturing, Sales and Distribution

INFRASTRUCTURE ANTENNA SOLUTIONS

High Performance Point-to-Point and Point-to-Multipoint Solutions

- Sector Panels, Flat Panels, Yagis, Parabolics and Omnis
- Multi-band and Wideband Options Covering VHF to 6 GHz Frequencies
- Applications:
 - SCADA
 - LMR and Public Safety
 - PCS/Cellular
 - WiFi, Mesh, WIMAX
 - Machine-to-Machine

IN-BUILDING ANTENNA SOLUTIONS

Antennas for Optimized Indoor Coverage

- Public Safety, Cellular/PCS and Wireless LAN
- CPE Antenna Solutions
- Ceiling, Wall and Surface Mount Installations
- UL 94-V0 Materials and Plenum Cables

MOBILE EMERGENCY SERVICES ANTENNA SOLUTIONS

Rugged Solutions for Mobile Applications

- Public Safety and Emergency Vehicles
- Mobile Data Terminals
- Permanent, Temporary and Covert Installations
- Wideband and Multi-band Technologies
- Voice, Video and Data Support

GPS MOBILE ANTENNA SOLUTIONS

Precise Mobile GPS Solutions for Fleet Management and Asset Tracking

- Outstanding Interference Rejection
- Combination GPS Antennas
- Rugged, Low Profile Housings
- Engineered for Water/Dust Ingress Protection
- Permanent, Temporary and Covert Installations

A Leading Provider of High Performance Antenna Solutions

- Wideband & Multiband
- WIMAX, Wi-Fi
- Mobile Antennas
- In-Building Antennas
- GPS/SATCOM
- SCADA
